

# BH INSTANT A LED BULB

ENERGY LABEL 能源標籤	
Brand 牌子	Best Honor 信譽牌
Model 型號	BH-A60/12W-G1E
Luminous Efficacy (Lumen/W) 發光效率(流明/瓦)	135
Energy Efficiency Grade* 能源效益級別	1
*Among the five grades. Grade 1 is the most energy efficient. 在五個級別中，第一級為最省電。	
EEL Registration Number 能源標籤登記號碼	LED20-0008
<small>*The data are provided according to the Hong Kong Energy Efficiency Labelling Scheme administered by the Electrical and Mechanical Services Department (EMSD), Government of the Hong Kong Special Administrative Region. The registration record can be found at the EMSD website at <a href="http://www.emsd.gov.hk">www.emsd.gov.hk</a>. 資料根據香港特別行政區政府機電工程署推行的香港能源效益標籤計劃的規定列出。有關註冊記錄可查閱 網址 <a href="http://www.emsd.gov.hk">www.emsd.gov.hk</a></small>	

Standards 標準	IEC62612 : 2013 IEC62560 : 2011 (First Edition)+A1:2015
Cap Base 燈頭	E27 / B22
Lifetime (Hour)壽命	> 17,000
Rated Voltage (V)額定電壓	160-250
Rated Frequency (Hz) 額定赫茲	50/60
Switching Cycle 開關次數	≥ 20000
Colour Rendering (Ra) 顯色性	≥ 80
Correlated Colour Temperature (CCT)色溫	3000K (W) / 6500K(C)

BH **INSTANT A** LED Bulbs were successfully apply Grade 1 Energy Efficiency Labelling Scheme by Hong Kong Electrical and Mechanical Services Department (EMSD). It is retrofit to replace traditional incandescent lamp & compact fluorescent lamp (CFL). It is safe and easy to replace by an unskilled person.

BH **INSTANT A** LED Bulbs provide wide operation voltage range to ensure stabile performance output while the fluctuation of input voltage occurred. It is approximately 10 times higher Lumen output and longer lifetime compare with incandescent lamp.

BH **INSTANT A** LED Bulbs provide up to 80% energy saving, durable, reliable, high brightness, high color rendering, instant switched on and instant full light up, UV and Mercury free light source for all applications such as hotels, café, exhibitions, museums, lobbies, reception areas, washrooms and shops.....etc.
