

BH Waterproof T8 LED Batten

BH waterproof T8 LED batten available in single or twin LED tube options. A range of quality affordable weatherproof fittings with IP66 rating and robust high-impact polycarbonate casing and reeded diffuser. Suitable for security and general lighting in commercial applications, schools, parking lots, staircases, factories, warehousing, marine areas, food processing and cold storage areas. T8 LED tube lights are some of the most widely used and they require minimal maintenance.
